## Returned Soldiers To Be Re-employed, Has It Been Done?

(Continued from Preceding Page)

veterans of the war, to co-operate with his group of officers from the Public Works Section to urge the immediate undertaking of \$3,000,000 worth of public works pending in this country. In response to Colonel Woods' appeal, re-employment officers of state branches and local posts of the legion will assist him to canvass the principal cities where public works projects are pending and endeavor to stimulate immediate activity. Already contracts amounting to approximately \$75,000,000 have been undertaken as a result of the activity of the government officers but Colonel Woods informs the American Legion that his representatives will be unable to cover all the pending enterprises without the cooperation of the legion.

**Reclaim Lands for Soldiers.**  
In order to effectuate the resolutions of the St. Louis meeting of the American Legion endorsing the principles of land development as a means of rehabilitating returning soldiers, a committee of three members of the national executive committee will make a thorough study of the subject of reclamation of arid, damp and cut over timber lands in cooperation with the secretary of the interior. This committee include Luke Lea, former democratic senator from Tennessee; Thomas W. Miller, former republican congressman from Delaware, joint chairman of the legion's legislative committee, and J. F. J. Herbert of Massachusetts.

The aim of this committee will be to secure legislation whereby discharged soldiers and sailors may get an opportunity to establish homes and create for themselves a place in the field of constructive national effort, through some broad comprehensive plans for the economic reclamation of all lands susceptible of reclamation and production.

In this connection H. T. Cory, representing Secretary of the Interior Franklin K. Lane, appeared before the national executive committee of the American Legion to explain the provisions of the Mondell bill which he described as one step forward toward rehabilitation in the life of the country of returned veterans who need assistance. Pending the results of the study to be made by the committee of three, the American Legion will take no action on the Mondell bill, but as soon as the legion determines the best land reclamation legislation for the returned veterans, it will take a positive stand in its favor and support its adoption.

**Letter to Ogdens Employers.**

Secretary Stowell has directed a letter to many of the business concerns of Ogdens, calling their attention to the work of the department in finding work for the returned soldier and sailor, enclosing a blank application for a certificate, a duplicate of which form is published in the Standard today. It is quite possible that a number of the business firms who had employees in the service did not receive the letter, and for their benefit the application blank is published with this article. The application blank may be cut out of the paper, properly filled out, and sent to the war department. Upon receipt of the application the department will forward a certificate. The letter and application blank follow; they are self-explanatory:

"Dear Sir: The war and navy departments of the United States, in their efforts to secure the re-employment of all young men who are now discharged from the service, have prepared the inclosed form which they desire your firm to sign.

"The publicity bureau earnestly requests that you accede to this proposition.

"The government issues a certificate about the size of this letter in the form of a diploma, to those firms who have promised this re-employment. To firms who have offices in more than one place, they issue duplicates of the certificate, which are signed by the secretary of war and the secretary of navy.

"We believe this will make a good impression among your employees and patrons and that you can have no objection to signing.

"The application after being signed, may be forwarded direct to Colonel Arthur Woods of the war department, at Washington, as per the address on the application.

"Yours truly,  
"O. J. STILWELL, Secretary."  
Application Blank.

1919  
Colonel Arthur Woods, Assistant to the Secretary of War, War Department, Washington, D. C.

Dear Sir: . . . . .

Stamp firm name)  
assure the war and navy departments that they will gladly re-employ everybody who formerly worked with them and left to enter the army or navy during the great war, and, therefore, desire the citation which is issued to employers making such assurance.

It is requested that the firm name be lettered in on the certificate as follows:

an emmdofwias. U'D 1234 12345 123  
We also desire . . . . . copies of the citation for our various branch offices, the above firm name to be lettered in on each.

Yours very truly,  
By . . . . .

## Re-employment Plan Splendid Showing

Sixty-six per cent of registered soldier and sailor applicants for jobs were placed by the various governmental and volunteer employment services during five weeks ending June 28th, according to figures made public yesterday by Colonel Arthur Woods, assistant to the secretary of war, and head of the government's organization for the re-employment of service men.

The seventy-seven cities in the survey are divided into four groups, according to population, and represent every section of the country. The cities over 300,000 placed 63 per cent of their enrolled men; the next group, consisting of cities from 100,000 to 200,000, 75 per cent; the 50,000 to 100,000 group, 81 per cent, and the "little cities," or those under 50,000, 71 per cent.

Twenty-one cities out of twenty-six, of more than 200,000 inhabitants, each have placed over 50 per cent of their soldiers and sailors. The Middle West claims the first five places on the list of the big cities on the percentage basis. Minneapolis heads this list with a record of 126 per cent of registered men placed (which means that she placed every man registered in the United States bureau, and a large number unregistered or signed up with other organizations). St. Louis follows Minneapolis with 102 per cent. Cleveland shows 92 per cent, Toledo 86 per cent and Kansas City 81 per cent.

Los Angeles, Portland (Oregon), Philadelphia, Seattle, Chicago, and Baltimore had over 2000 men to place in that period and all, except Seattle and Baltimore, placed over 70 per cent of them. New York City, with 15,653 jobless men, had a problem five times as big as any other city except Chicago, and placed just one-half of the applicants, or 50 per cent. Pittsburgh and Boston have only 36 and 38 per cent records to their credit, and Buffalo trails at the foot of the list with 20 per cent.

Of cities from 700,000 to 200,000 in population, the Middle West, with Dayton, Ohio, again is in the lead. Dayton placed in that time 124 per cent, or 882 men. Fort Worth, Texas, follows with 117 per cent; Spokane, Washington, has 94 per cent, and of the entire list of sixteen cities, only one, Nashville, Tennessee, has placed less than 50 per cent, her record showing 44 per cent.

San Diego, California, in the third group, has the most sensational percentage record to her credit for that period, although the actual number placed was not large. She placed 152 per cent of her applicants, which is the best percentage showing made by any city. San Diego is followed in the list of cities from 50,000 to 100,000 population, by Mobile, Alabama, with a 97 per cent. None of these cities has placed less than 57 per cent of their registrants and as a group have made the best record of all. Little Rock, Arkansas, had more men to place than any other city in this group, and succeeded in obtaining jobs for 1,497 of her 1,907 men.

Of the "little cities," those with population under 50,000, Poughkeepsie, New York, has the best percentage record, although Cheyenne, Wyoming, with 895 men to place, made by far the biggest showing by getting jobs for 860 of these. Poughkeepsie's per cent was 98, but she had only 65 men enrolled. Five other cities in this list got jobs for over 75 per cent of their applicants. These were Pensacola, Florida, Wilmington, North Carolina, Racine, Wisconsin; Butte, Montana, and Reno, Nevada.

We are proud of the military record of our boys and it affords us pleasure to reinstate them in civil life employment.

## PACKARD SUFFERED 25 LONG YEARS

Los Angeles Man Says Tanlac Restored Him to Health.

"I tried for twenty-five long years to find a medicine that would relieve me of my suffering, but all my efforts failed completely until I got hold of this Tanlac," said Alonzo Packard, a well known cabinet maker employed at the American Novelty Works, and lives at 122 West 28th street, Los Angeles, Cal., a few days ago.

"During all these years," he continued, "my stomach was in such a bad condition that everything I ate disagreed with me. I would often be so bloated up with gas that I was hardly able to get a good breath. My appetite was very poor, and what little I did eat didn't seem to give me any nourishment at all, and I just went down hill until I was so weak and completely run down that I was hardly able to get about. In fact, my entire system was in very bad condition. I tried a great many different medicines and treatments, but I just seemed to get worse all the time instead of better.

"Then I decided to see what Tanlac would do for me, and I just want to say now, that from that time on, I didn't have to bother about any other medicine, for I commenced to improve right from the start, and now I am as well and hearty as I ever was in my life. I never have that tired, worn out feeling any more, and my stomach troubles have been completely overcome. I have a ravenous appetite, and eat just anything I want, and I never suffer the least bit afterwards. I am in better condition generally than I have been in many years. Yes, sir, I am seventy years old and have taken a great many different medicines in my life, but this Tanlac beats anything I have ever tried. I am glad to have an opportunity to recommend it to everybody."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co.'s two busy stores.—Adv.

They served fifteen months with Uncle Sam.

Mr. and Mrs. L. S. Mann have as their guests Mr. and Mrs. W. E. Woods of Ogden.

Mr. and Mrs. E. Wintzeler and children left for Yellowstone park Tuesday.

The Misses Grace and Bess McAlexander of Ashby, Kansas, are guests at the home of their cousin W. G. Orr and family.

Miss Vera Orr entertained Monday evening in honor of Misses Bess and Grace McAlexander.

Mr. and Mrs. C. Gephart have returned from a few days trip to Salt Lake.

Mr. and Mrs. W. E. Hadley, Mr. and Mrs. A. N. Fishburn returned from a ten days outing to Yellowstone park.

Amos Johnson of Dawning, Golden Harris, Herbert McGuire and Jean Stead attended the ball game at Malad last Sunday.

**KANSAS CITY LIVESTOCK.**

Sheep: Receipts, 1,500; market, for week: fat lambs, 25 to 50c lower; sheep, steady.

## POLISH TROOPS ADVANCE

\*\*\*\*\*  
MASSACRES BY POLES.  
\*\*\*\*\*  
LONDON, Aug. 2.—Semi-official Polish soldiers have received reports that General Gregorieff's troops, which are occupying Odessa, surrounded the Jewish quarter and began a massacre which lasted three days and nights.  
\*\*\*\*\*  
Russian soldiers of Gregorieff's, it is stated, carried out the massacre. The Jews of Ukraine and Bessarabia have proclaimed a mourning period of fourteen days.  
\*\*\*\*\*

VIENNA, Friday, Aug. 1. (By the Associated Press)—The Poles announce a continuance of their victorious march against the Ukrainians. They are crossing the Zbruc river at various points. (It should be noted that the Poles were given authority by the peace council to proceed only to the Zbruc.) The Polish army objective is said to be Kamenetz, Podolia, which is the capital of General Simon Petlura, the Ukrainian leader.

The Ukrainians recently resumed diplomatic relations with Rumania, having previously sent missions to Italy, Switzerland, Germany and Austria, and are said to be seeking to establish one in the United States. It is predicted here that the Ukrainians are nearing the final chapter of their struggle for independence but, according to the Ukrainians, such a view presupposes a settlement of the entire Russian question without their consent. They declare that they, like the Serbs, will continue to fight indefinitely.

**Deny Charges**

Regarding Polish charges that the Ukrainians are favoring German commercialization of Russia, M. Stepanov, director of the co-operative land banks maintained by 14,000,000 farmers with headquarters formerly at Kiev, said:

"The country above all we wish to do business with is America. It is true that at present French politics is driving us into the arms of the Germans but we realize that the Germans would attempt to exploit us and also that they have no resources.

"Recently the Germans offered us a very big loan and also unlimited supplies but we rejected the offers as we felt acceptance would mean the ruin of our prospects in the United States. We are willing now to buy clothing and machinery and have 12,000,000,000 'czar' rubles with which to pay."

If you have a worry that interferes with your happiness cut it out.

Even the woman who is color blind knows when she is feeling blue.
